

Corporate & Fleet Training

Accredited driver training and dangerous goods certification, delivered at your premises or at our centres, for transporters, fleet operators and industrial employers across India and Nepal. Safe Road Group operates through five registered entities: a dangerous goods training LLP at Varanasi licensed by the Governor of Uttar Pradesh, and four Accredited Driving Training Centres accredited by the State Transport Authority, Transport Department, Government of Uttar Pradesh.

What we deliver

Programme	Duration	Delivered at	Concludes in
Safe Transportation of Hazardous and Dangerous Goods (Rule 9, CMVR)	3 days	Varanasi or your site	Training certificate — basis for the hazardous goods endorsement on the licence, valid 3 years

Remedial training after a collision or violation	1–3 days	Our ADTC campuses	Certificate with a written assessment report
Licence programmes — LMV, HMV, two-wheeler, e-Rickshaw	29–38 hours	Our ADTC campuses	Form 5B — exempts the holder from the RTO driving test (CMVR Rule 31E)
Industry-specific specialised training	Scoped	Your site or our campuses	Certificate of completion
Driving instructor training	Scoped	Our ADTC campuses	Certificate of completion

Why operators send batches to us

Delivered on site	Courses run at your refinery, depot, terminal or office, so drivers are not taken off shift to travel.
Built around your fleet	Curriculum adapted to the vehicle types, products and standard operating procedures your crews actually work with.
Batch scheduling	Batches scheduled around your roster, including consecutive batches to cover a full driver pool without halting operations.
Records that survive an audit	Attendance, assessment results and certificates issued in a form suitable for internal, client and statutory audit.
Statutory standing	Our certificates are the basis on which the Transport Department endorses hazardous goods on a driving licence.

Track record

Over 50,000 drivers trained since 2020, across 30+ driving schools in 20 districts of Uttar Pradesh. Fleets operating under contract to IOCL, BPCL, HPCL and GAIL have sent drivers to our programmes, alongside independent transporters from across India and from Nepal.

How to proceed

Tell us the programme, the number of drivers and helpers, your preferred location and your roster constraints. We will come back with proposed batch dates, a fee quotation and the documents each participant should bring.

To request a proposal Telephone +91 91588 91589 · Email info@saferoadgroup.org · www.saferoadgroup.org/contact
Head office: Safe Road Skill and Technology LLP, Varanasi. Operating ADTC campuses: Sonbhadra and Bhadohi. Jaunpur and Ghazipur are under construction.
